

Dear Mr. Rockley and Friends at the Rockley Family Foundation,

Thank you for your continued support to ACC students! We wanted to provide you with an update on how our 2023-2024 Foundation scholars and your named scholars performed during the academic year. Your continued generosity allows our students to move mountains and get one step closer to their dreams!

During the 23-24 academic year, the ACC Foundation was able to assist 607 students with over \$1 million in scholarships. Our scholars took advantage of this opportunity by receiving a cumulative GPA of 3.31, and earning over 8,100 credit hours. They received 79 certificates and 113 degrees! ACC Foundation scholars made up 10% of students who received a certificate or degree. These tremendous accomplishments would not have been possible without people like YOU! So, on behalf of all our scholars, Board of Director Members, faculty, and staff we extend our most heartfelt thanks.

55.6% of our scholars were the first in their family to attend college. We had a 91.9% persistence rate from fall to spring. 14.41% of our scholars were full time, meaning they took 12 or more credits hours during the semester. The average age of our scholars was 30.

We also wanted to provide you with a general view on how your scholars performed this past year:
